

Recipient: Boston Landmarks Commission

Letter: Greetings,

We urge you to approve the petition to Landmark the CITGO sign. It has encouraged many thousands of Marathon runners and its gleaming red triangle has presided over countless innings at Fenway Park. The sign is visible from almost every angle of the city and Cambridge serving as a beacon for the region. The CITGO sign isn't just an advertisement, it is a Boston landmark. For national audiences, it says "Boston" just as much as Old North Church and the Swan Boats.

Boston University announced its intention to sell the building that supports the CITGO sign earlier this year with no stipulations that the sign remain. With this change in ownership, the sign's future is threatened. However, with your help, we can ensure that future generations of Bostonians will know and love this fifty-year-old icon of the city.

Landmark designation will protect the CITGO sign permanently and require any possible changes to be reviewed (including those that result from future development of 660 Beacon Street). Further, it will recognize the CITGO sign as an important piece of Boston history and culture.

Peter Makrauer	Cambridge, MA	2016-06-23	Since i was a young boy, the CITGO sign has been an unforgettable icon of Boston life. Just as important as the view from Kenmore is the view from inside Fenway Park. That sign has been the backdrop for so many great and heartbreaking nights for our local nine - it's very difficult to imagine losing the CITGO sign. There has been such transformation of the Fenway area over the last 10 years - is it so much to ask that we preserve the sign for future generations? Do we really think that lux condo towers bring us closer to our city's identity and history? I think not.

Richard Panciera	Brookline, MA	2016-06-23	The Citco sign is a landmark recognized by both Bostonians and those visiting. It is Kenmore Square, Fenway Park, and all the places we can see this sign from. It should be therefore designated a landmark and be protected from those who just don't know Boston.
Rebecca Camerato	Boston, MA	2016-06-23	Boston's Landmarks are important. They tell a story and guide people around our great city. Taking down the Citgo Sign would be like taking down the prudential center.

Pamela Humphrey	Boston, MA	2016-06-23	This sign has been part of the fabric of Boston. It is an icon, a beacon as you can see it from all over the City. I travel extensively for business and pleasure and when I fly home, day or night, it is not the mega buildings which are going up like topsy in this city, but the Citgo sign that says I'm home. We are destroying the fabric of this City which makes it so sociable and livable by the unfettered building going on- encroaching on our neighborhoods. Copley Square the newest and most outrageous. Now this. Please get this landmark marked to prevent its destruction. Protect our "landmark" from this unfettered development. We don't have enough citizens fighting this stuff from the BRA and zoning board. Please get involved and speak up loud and clear. Otherwise this stuff just slips through. I get development but there is a limit to what it can add to our special city. The zoning board is overturning zoning laws right and left. Stop them.
Dave Waller	Boston, MA	2016-06-23	I'm onto BU's tricks after they tore down the Ellis the Rim Man sign.

Eaton Brian	Bethesda, MD	2016-06-23	The sign is part of the fabric of the Back Bay. IT would stink to see it ripped down for another condo building.

Caitlin Hart	Somerville, MA	2016-06-24	This sign is part of my Boston - makes me feel good walking about my city, whether I'm up close in Kenmore or walking across the Harvard Bridge. Not only is the CITGO an iconic and significant bit of Boston skyline, but it is also significant in the context of urban signage, with its neon style (even if it's no longer actual neon) and its undeniable presence in a world in which remarkable urban signage is largely absent.
Steph Barron	Boston, MA	2016-06-24	The citgo sign is already a landmark in our hearts its about time to make it official

Sean Cummings	Boston, MA	2016-06-24	would this be the first giant corporate logo to be landmarked?
Justin Go	Cheshire, CT	2016-06-24	As a BU alum, the Citgo sign holds a significant amount of sentimental value. It was as much as part of my home as any other part of the campus. For those four years, I would pass by it on my way home, to class, to the gym, etc. To me, and many of my fellow Terriers, the losing the Citgo sign would be like losing Marsh Chapel or SMG. It's a beacon and a landmark, much like the Prudential Center. Boston just would not be Boston without it.

I have come back to visit this great city since moving from MA and believe the Citgo sign is a heritage landmark and makes up the iconic skyline of Boston. charles taylor	France	2016-06-24	Its part of Boston
Russell Galer	Accra, Ghana	2016-06-24	I am a Boston native. It remains my home, although I am currently located outside the US. Kenmore S. has changed, often for the better, sometimes the worse. This is one change that should not occur. Real estate development and revitalized central core of Boston is necessary, but at what cost? The overheated market and speculative development should be required to take into account the elements of Boston that make it Boston, or it will become a sterile, ahistorical place. Might as well be in Phoenix....

Stephanie Pernice	Lynnfield, MA	2016-06-24	The sign is a symbol of Boston . I identify the sign since childhood driving with my family from Newton through Boston to East Boston for our weekly Sunday dinner at our Nonna's house. My family imigrated to Boston from Italy: Sunday dinner at your grandmother's house was mandatory, and a teadition. The CITGO sign was a landmark on the trip we made a point to watch every second we had a view. Especially at night driving along Storrow Drive:. The Citgo sign will hopefully remain. It should be a landmark symbol of Boston. It's a delight to see feom every vantage point, many which come as a surprise. All which say Boston.

Sally Guy	Brookline, MA	2016-06-28	Since I moved to Boston in 1972 that sign has been my beacon. When I rowed crew at NU in 1978 that sign was a reassuring presence on the Charles River in the cool dark mornings. When I moved to Beacon St and realized I could see it from my deck I felt like I was home. I know it sounds stupid but I would miss it terribly. I've grown to love it over the years and its absence would feel like a loss. We already took a hit to a piece of our Boston heart and soul in 2013. Let's not lose this one.

Dennis Cunningham	Waban, MA	2016-06-29	I went to school in Kenmore Square. Like so many others, I feel that the sign symbolizes continuity in an area where so much has changed. My school has moved, Waterman's is gone, the Rat is gone. What is more iconic than the sign? The swanboats? The tea kettle? The grasshopper? True, all are but the Citco sign can be seen from a far greater distance announcing one's arrival in Beantown. Please keep it shining bright after I've gone too. DjC
Toray Monteiro	Milford, NH	2016-06-29	I was born & raised in Boston & would love to see history stay where it belongs
Alexandra Prim	Cambridge, MA	2016-06-29	The Citgo sign is home to me. If we're friends, you've probably heard me say this but, when my mom was growing up in the projects in Brighton, she could see it out her bedroom window. The Citgo sign was her nightlight and it's always made me feel safe, proud, and like I belong somewhere. I know it can be interpreted as weird--or even bad--to feel so strongly about a gas station ad. But it's so much more than that now. A lot of bad things happen in this world. Signing this petition is a tiny, easy way to do something good.
Donna Brady	Worcester, MA	2016-06-29	Please keep this sign. As a child going to a Red Sox game I always with my dad, I knew that we were now at Fenway park.

Thomas Laquiere	Clinton township, MI	2016-06-29	Great part of Red Sox, Fenway History!
Mike Jiran	Jersey City, NJ	2016-06-29	I'm not from Boston, but closer to home, the red neon Pepsi-Cola sign on the East River and the giant clock that originally topped the Colgate factory on the Hudson River have been preserved, and rightfully so. Iconic signs like these (and like the Citgo sign) transcend their original advertising purpose and contribute to a sense of place. If the Citgo sign isn't a landmark that tells the viewer of any photograph he or she is looking at Boston, than neither is Fenway Park, Fanueil Hall, or the Prudential building.
Douglas Blois	Holliston, MA	2016-06-29	Its a landmark

It is as dear to me as the golden dome of the State House, the ribboned glass and steel of the Prudential Center, and the needle of the Berkeley Building. Greg Robertson	Quincy, MA	2016-06-29	The CITGO sign is part of the fabric of Boston life. It's an icon of Boston's 20th century culture. It's as architecturally relevant as a bow front Boston townhouse. The CITGO sign says "You're home." to residents coming back from their travels, and "Fenway's over here." to newcomers just learning their way around. Boston would not be Boston without the huge, bright, obnoxiously commercial, beautifully dated CITGO sign.

Kaitrin McDonagh	West Roxbury, MA	2016-06-29	The CITGO sign is as essential to Boston's cityscape as the John Hancock and Prudential buildings. Shining over us all, it has achieved iconic status symbolizing Boston as much as any other landmark. Kimberly Alvarez	Albany, NY	2016-07-01	I helped save Fenway Park (SFP!) and the Citgo sign is such an important vista to the ballpark and all of the West Fenway/Kenmore neighborhood. It is a significant piece of outdoor public art and should be preserved and maintained through public grant funds. This can only happen through landmark designation or an endowment.

David Kennerly	Hopkinton, MA	2016-07-02	<p>It has been part of Boston's skyline forever — longer than the Pru or the Hancock Tower. We've grown to love it because it proclaims that we're home.</p> <p>It is iconic: anyone who's ever been to Boston knows what it is and that it's in Boston. Many who've never been here know that it's in Boston. New York City has the Chrysler Building, the Brooklyn Bridge, and the Empire State Building. Seattle has the Space Needle. San Francisco has the Golden Gate Bridge, cable cars, and Alcatraz. Chicago has the El, Wrigley Field, and the Sears Tower. Boston has Fenway Park, Faneuil Hall, Beacon Hill and the State House, the Swan Boats, the Zakim Bridge, and the Citgo sign. Of the Boston icons, the Citgo sign is probably #2 or #3 in recognizability. Of those icons, how many can you see at night, from the ground, at a distance? Two: the Zakim Bridge and the Citgo sign (the statehouse dome is just not high enough).</p> <p>How can you tear down an icon associated with Boston all over the world, that is a beacon welcoming you home from your travels, day and night, that has been the backdrop behind Fenway Park's Green Monster since World War II?</p> <p>It must be protected. It is part of Boston's history and culture. It says "Boston". It is Boston.</p>

Gail Pierson	Cape May, NJ	2016-07-07	I lived in Boston for many years. The Citgo sign is as much a part of my memory as it is a part of Kenmore Square and the Boston skyline. I look for it on every trip back to the city. It is part of the arrival ritual. It is indeed a landmark.

Alexandra Crivon	Brookline, MA	2016-07-07	I love the sign- I see it every night from my window. Classic Boston Icon
Kate Murphy	Somerville, MA	2016-07-07	This sign is one of the elements of our city that, day and night, signifies "home" and reminds me of the great traditions of the city I love. It is a figurative signpost for the important history of baseball that has been kept alive at Fenway Park for so many years. The decision to preserve that stadium sets Boston apart from most other cities, where history has made way for something new. But Fenway, in remaining true to its foundations, has become something even MORE unique, more "new" than a new construction, and the Citgo sign is a part of that thoughtful approach that Boston takes to its history--filled with pride and respect.
Janet Jones	Boston, MA	2016-07-07	Its a Boston icon - save it. Way too much of our city is going to developers. Janet
Lisa Olson	Rochester, MA	2016-07-07	The Citgo sign is part of Boston's and Massachusetts' history. Safeguard the sign!!
Julie Carey	Boston, MA	2016-07-07	As a marathon runner and Bostonian this sign needs to stay!
Michele Maniscalco	Boston, MA	2016-07-07	I've lived in Boston for 21 years and I've seen so much of its unique local character razed to make way for luxury hotels and housing, much of wich is being targeted at rich foreign nationals. The Citgo sign, overlooking Kenmore Square, is a last vestige of the vibrant small businesses, nightlife and affordable dining and shopping that Kenmore used to be. It's a landmark visible from the highway, helping drivers remain oriented. Please preserve it.
Elizabeth Beraha	North Andover, MA	2016-07-07	We spent good money to replace the lights with LEDs so it would be green. At least let us enjoy it for a nice long time.

Dale Tanis	Albuquerque, NM	2016-07-07	This is really an historical landmark and should be protected as such, as other landmarks are protected across the country and even in Boston itself. Who would have considered tearing down Paul Revere's house or just selling it as residential property, or, worse yet, renting it out? Sure, the CITGO sign isn't on the level of PR's house, but is still significant in its own way.
